BOUTIQUE DE MARIAGE PUNTA CHIARA INC.

3660, boul. St-Charles
Kirkland, Qc H9H 3C3
514 694-6382
www.mariagepc.com

Established two years ago, Boutique de Mariage Punta Chiara is a family owned business unique in its kind. It offers brides and grooms a stress-free one stop shopping experience. Their mission is to accommodate every couple's preparations every step of the way taking into account their taste and budget. The boutique offers many specific services such as a full time dress designer and six jewellery designers on staff. Services vary from tuxedo rentals, selection of wedding gowns and gowns for the bridal party, to accessorizing, invitations, and finding the perfect wedding favor. The shop also offers eveningwear ideal for any graduation or gala event.

DISTRIBUTION

BELMONDA BEAUTY ACADEMY AND DISTRIBUTION

295, rue Labrosse, suite 100
Pointe-Claire, Qc H9R 1A3
514 697-4100
www.belmonda.com

Established in 2004, Belmonda Beauty Academy & Distribution is a distributor of industry leading quality spa and esthetic products. Its distribution is complimented with their school where various esthetic techniques are taught. Their customers receive promotional announcements highlighting the latest trends, specials and new products available on the market along with invitations to attend hands on workshops to enhance product knowledge and learn new techniques. Their mission is to provide each customer with a "Total Concept Service". With the distribution of carefully selected quality products, education and after sales support, Belmonda is committed to offering exceptional service in supporting their customer's needs.

MANUFACTURING (less than 50 EMPLOYEES)

AS COMPOSITE INC.

208, boul. Brunswick
Pointe-Claire, Qc H9R 5P9
514 697-2828
www.ascomposite.com

AS Composite is a privately held company dedicated to manufacturing composite sandwich panels using a patented innovative automated process. This process allows these composites to be used more widely since their properties are far more superior than the properties in conventional materials and can be used for many applications as affordable home construction, bridge decks and truck doors for example. Thermoplastic composites offer many benefits that satisfy critical parameters such as economy, durability, strength, environmental factors, ease and speed of processing, installation and lightness. Thanks to their innovative technology, leading edge equipment and a highly qualified talented team, AS Composite has gained recognition as the leader in this industry through the close cooperation of their well-known partners, the CNRC-IMI (Canadian National Research Council) and the NSERC.

MANUFACTURING (50 EMPLOYEES or more)

GROUPE SÉCURITÉ C.M. INC.

19400, avenue Cruickshank
Baie d'Urfé, Qc H9X 3P1
514 457-6650
www.cmsecurity.com

Since its foundation in 1962, CM Security Group Inc. specializes in the design and state of the art manufacturing of security windows. At first, their products were designed exclusively for penitentiary institutions, law courts and psychiatric hospitals. Their position of leader in the field cleared the way for the development of safety windows for schools intended for the North Eastern American market. Three years ago, CM Security Group Inc. undertook the new range of safety windows against hurricane tested windows also intended for the American market. Their stainless steel maintenance free windows are exported to the United States, Europe, in Asia and are also sold in Canada.

YOUNG ENTREPRENEUR

BODHI

4360, rue Edward Higgins, suite 301
Pierrefonds, Qc H8Y 3N3
514 944-5346
www.bodhiprinciple.com

In operation since the beginning of 2007 and founded by Bhaskar Goswami, Bodhi provides yoga consultancy for corporate health and performance enhancement. Its mission is to promote the profound benefits of yoga practice in the work environment by providing conferences and authentic yoga classes of outstanding value. The Bodhi program is based on the five principles of yoga: Breathing, Relaxation, Exercise, Diet and Positive Thinking. The program benefits employees as well as companies. It benefits the employees by increasing their energy level, facilitating work-life balance and more. Companies are recognizing the need for effective employee health and wellness initiatives and can benefit from the program in reducing absenteeism, burnout and work turnover among others.

NEW COMPANY

JITECH

125, boul. Hymus
Pointe-Claire, Qc H9R 1E6
514 697-8999
www.jitech.ca

In business since 2004, Jitech provides a vital service to the design and construction of industrial steel structures by planning and designing the connections and links between the multitude of steel components in structures destined for applications as varied as mining sites, process plants, and oil refineries among others. A specialist in the field, Jitech has few Canadian competitors and its innovative approach and practices have led to strong customer relations that have resulted in repeat business and an international award.

NON-PROFIT ORGANIZATION WORKING IN SOCIAL ECONOMY

LEAVE OUT VIOLENCE “LOVE”

West Island

1015, avenue Atwater
Montréal, Qc H3H 1X4
514 938-0006
www.leaveoutviolence.com

Leave Out Violence “LOVE” is a leading not-for-profit youth violence prevention organization. LOVE helps youth who have lived with violence break the cycle in their lives, and then become community leaders of violence prevention. Through specialized programs, youth develop the skills and motivation to help break the cycle of violence. LOVE is led by youth for youth. Since LOVE began these young leaders have reached thousands of children, youth and adults, reducing violence in schools, homes and neighbourhoods. LOVE started in Montreal in 1993 with 15 youths. It now runs programs in 5 cities with 200 youth leaders reaching over 40,000 people each year. A few years ago, a number of recognized West Island agencies decided that this program had the right formula for a healthy future in the West Island and the project was started at Riverdale High School in 2003.

SMALL BUSINESS (less than 5 EMPLOYEES)

VISIONx INC.

274, Lakeshore
Pointe-Claire, Qc H9S 4K9

Their products are both very powerful and very easy to use and are sold through a worldwide network of dealers, distributors, integrators and manufacturers. They are being applied to successfully solve a broad range of applications in a number of different industries, including: electronics, semiconductors, MicroElectroMechanical Systems (MEMS) manufacturing, printed circuit boards, aeronautics, aerospace & automotive, medical device manufacturing, precision mechanical components and assemblies, packaging, pharmaceutical, and many many more.

INVESTMENT PROJECT

MAISONS BELLEVUE INC.

19, rue de la Coopérative
Rigaud, Qc J0P 1P0
450 451-0999
www.maisonsbellevue.com

After more than 20 years of “on-sight” construction experience, and having decided to build better homes at a more affordable price, a new investment project was initiated and Maisons Bellevue was created. Maisons Bellevue Inc. manufactures, installs and services modular homes and other building components taking care of everything from a garden shed, pre-assembled walls, pre-assembled floors, an extension or the entire wood structure of a building offering their customers a turnkey operation. Building the different components in a controlled environment, with full control over production, details and quality allows the company to offer a better product. Their prefabricated homes represent both cutting-edge technology and time-tested craftsmanship and can be viewed at their sites in Pierrefonds and Beaconsfield.

SERVICES

LES SERVICES KD

88, boul. Brunswick
Dollard-des-Ormeaux, Qc H9B 2C5
514 685-9505
www.kdservices.ca

Founded in 1995, KD Services provides contract packaging services to some of the world’s leading packaged goods marketers. Their expertise in all aspects of merchandising, packaging and labeling is what appeals to their customers. Occupying a 52,000 square foot facility KD also maintains secure, external storage locations, enhancing their capacity to grow with their customer’s needs. In addition, this space has been specifically designed to provide the greatest degree of flexibility for the constantly changing packaging challenges of today. KD prides itself in offering quality and can provide fast and reliable service thanks to a dedicated and conscientious staff that takes a proactive approach to improving on their customer’s business.

EXCEPTIONAL COMMUNITY INVOLVEMENT

TROUPE BECKET PLAYERS

Casier postal 46014

Pointe-Claire, Qc H9R 5R4

514 979-3029

www.becketplayers.ca

Becket Players is a non-profit organization whose mission is to help children by supporting their nutritional, medical and educational needs. In their 33 years, they have raised over \$ 3.2 million dollars. The funds are raised by presenting a two-part show consisting of a musical comedy followed by a Cabaret style variety production holding 8 shows each spring and donated to organizations such as the Montreal Children's Hospital, Sainte-Justine Hospital, the pediatrics clinic of Lakeshore General Hospital and Amcal. The backbone of their organization rests on the more of 350 volunteers that donate their time and effort on and off stage in offices, sewing, kitchens, construction, ticket selling, program publication, etc. all on their time. Becket Players do it all for one reason...the children.
